

HAY COVER

The Hay Cover / Extra Heavy Duty Tarp is our extra heavy duty grade white/black tarp. It has grommets every 18 inches, reinforced heavy duty web loops sewn in every three feet on the long sides of each tarp and heavy duty rope in the hem. The white outer color boasts a superior heat reflection, preventing the heat of the sun from super-heating the hay or objects/area covered by the tarp. The tarp has been popular as a canopy to block out the summer sun as well.

14x14 Weave – 1200 Denier Yarn – 13 to 14 mil Thick

8.49 oz. per Square Meter / 7.07 oz. per Square Yard
