

GOLDLINE TARP STRAPS

Goldline Straps & Rubber Rope are made in the U.S. of 100% EPDM rubber. They provide strength, durability, and resistance to weathering, outlasting all other straps on the market.

Goldline straps are recommended for securing loads, installing tarps, and more.

Goldline® is a registered trademark of Universal Polymer & Rubber.

Temperature Range: -20°F to 130°F

Strap Size	Maximum Stretch	Pieces per Carton	Weight per Carton	Part Number	UPC Code
